After repeated demand for a Shelby version of Ford's award winning Super Duty lineup, we are proud to present our Shelby 1000 line of Super Duty work horses. Starting with a cold air intake and emission legal tune, we've cranked the torque to 1,000 lb/ft in the 6.7L V8 diesel.

Our craftsmen add practical, yet stylish custom exterior upgrades which include a unique Shelby hood, new front bumper, rear bumper, exhaust tips, Shelby stripes, badges, grille insert and tailgate cover. Shelby spec 20-inch wheels are wrapped in high performance tires while a special LED lighting package provide superior illumination for any occasion.

Inside, we add a Katzkins premium interior designed for the work horse, a carbon fiber appearance package, as well as custom floor mats. As with all Shelby vehicles, each have a unique serial number that is displayed on the dash and under the hood of the truck.
